Dear Lizzie

I would like to thank the Rotarians of the Reading Rotary Club Community Projects for their most generous support and can confirm safe receipt of your cheque for £1,000, which we received on 18th April. This wonderful donation will help towards our work benefitting blind and partially sighted people living in Reading and across Berkshire.

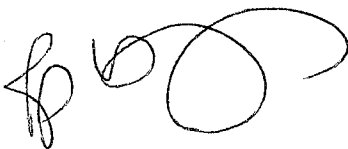

Living Paintings' purpose is to improve the quality of life for blind and partially sighted children and adults. We publish and loan our Touch to See books from our free postal library, to ensure that anyone who needs them can access our resources. This is only possible due to the amazing generosity and support of organisations such as yours.

Our unique Touch to See Books enable access to images that provide essential learning and entertainment for children, and also let them share in the visual world with their peers. I would like to pass on some recent feedback that we received, that shows the value of our work:

'Thank you so much for sending these books - they have really helped my son. He eagerly looks forward to receiving his Touch to See books. They have opened up a whole new world for Matthew, and now he is able to engage with other people and talk about what he has read. His confidence at school has grown substantially.'

On behalf of the many blind and partially sighted people living in Berkshire who will benefit from your kind donation, could I once more express our sincere gratitude to all at Reading Rotary Club.

Yours sincerely

Camilla Oldland
